ABOUT ANTIGUA

LOCATION

The tropical islands of Antigua and Barbuda are located in the heart of the Caribbean about a thousand miles to the east of Jamaica and half that distance from Trinidad on the coast of South America. We are at 17- N latitude, about the same as the Cape Verde Islands and Bombay and 61- W longitude.

HOW TO GET HERE

There are many direct flight options to get to Antigua from the USA, UK, Canada, and other Caribbean islands. Before you plan your trip, see if you need a Visa. Then, visit the Visa application website for information on electronic submission for Antigua & Barbuda Visas.

GETTING AROUND

A valid driver's license and an EC\$50 fee are required to obtain a permit to drive in Antigua. Taxis are also available throughout Antigua. There is also a point to point bus system.
